4-8th April 2017

4 Way Club Challenge:
23rd April 2017

General News:

Hello fisho's and welcome to the March edition of the newsletter for the Feilding Surfcasting Club.

The weather was looking great for most of February and into March with the water cleaning up and some welcome catches coming up the beach but the latest rain hopefully won't put an end to the late summer we are having.

It's only 3 weeks till the start of the NZACA National held in our club waters so make sure you register online today and help the club defend its title.

As I write this, the Snapper Bonanza is about to kick off on the 90 and some great catches are coming through from some of those clubbies who went early to suss out the lay of the land. Some Facebook photos are shared below.

If you have any news you would like to share at any time feel free to email me: bobndodd@xtra.co.nz

Todd Smith
Club Captain

4 way Interclub Challenge.

A date has finally been confirmed for the 4 way Interclub Challenge between Feilding, Kaponga, Waitotara/Patea and Wanganui clubs.

This will be held on Sunday the 23rd of April, based at Waiinu Beach.

We have secured the use of the Waitotara/Patea Club bach for the weekend and this includes facilities for sleeping 6 in beds. So if you want to head to the beach earlier then you have a place to stay. There are some costs involved for extras people but I will send out an email to all clubbies in the next week or so with full details but in the meantime mark the 23rd in your calendar.

Don't forget we are defending champs so the more bodies on the beach the better.

NZACA Nationals April 4th-8th

Don't forget to register online for the upcoming Nationals. We need as many as we can to help the club compete in what will be a very competitive event.

Registration closes on the 21st March so don't delay, do it today.

February Open Weekend

The February open weekend produced a mixture of fish and weather. For those that got to the beaches early the conditions were excellent but once that wind kicked in it made life tough.

There was some nice fish weighed in with a couple of superb snapper falling to Joe weighing 3.26kg and 5.58kg. Well done and deserved Joe. I even managed to snag a good feed of gurnard.

It's amazing what a bit of cleanish water will produce. Long may it continue.

Photos from the 90 mile beach

Well that's about all for this edition, but a reminder that there is plenty of fishing opportunities coming up for club members and for everyone to take the chance and get involved.

Good luck to all our club members fishing in the Snapper Bonanza this week and hope you all stay safe on what can be an interesting piece of water to fish. We look forward to more reports of your successes.

Oh and before I go, I'd like to take this opportunity to wish club member Nathan Mikaera a happy birthday for last week. As you can see from the attached photo the young fella put in a big effort at his party but blew out early. Love ya work Gooch.

Cheers
Todd
